Subject: APPLICATION B 22/0902/FUL

I object to the redevelopment including a new secondary school for the following reasons:

1. I do not believe a convincing case has been made out for the NEED for a new school.
2. Its proposed siting is in an unhealthy environment for schoolchildren, because the redevelopment will be near worse traffic jams and the aptly re-named Choker's Corner. It is known that traffic fumes are detrimental to health. (see recent Coroner's findings on the death of a little girl).
3. It will add to the level of traffic which the infrastructure cannot bear. The Council is not giving sufficient weight to the burden on infrastructure which the Brewery site together with the developments at Barnes Hospital and the Homebase site will generate.
4. A single 'slab' building will be unattractive and one all-weather sports pitch no substitute for traditional green fields.

David Massa.
6 Clare Lawn Avenue SW148BH.
