Comment:

The planning group of the Teddington Society has noted the objections to this application and questions whether the proposal is justified, in a number of areas. These are:

1. The lack of parking for the proposed number of units.
2. The impact on trees.
3. The Comments section of the structural report would not appear to justify demolition of the existing building.
4. Demolition is environmentally unsound, if it is not necessary.

We would ask that the Council gives careful consideration to these points of valid local concern.
