Comment: As commented on before. No primary school in the area (with the exception of one) are not at capacity. Neither are the local secondaries. Healthy competition is important, but there are simply not the numbers to create a new secondary - Kew Riverside (one of the nearest schools to the development) is currently teaching in phase groups. We need to develop, yes. However, we also need to be mindful of: destabilising local secondaries; the real safety issues around the crossing at Sheen Lane; maintaining a reasonable height level of the development and to ensure green spaces are preserved.
