Comment: My son is attending the school in just 1 month and he is really looking forward to join his new school. However, he is disappointed that the school building progress has been held up and that his education could suffer as a result of continued uncertainty because of the planning. This is a local school for us to which we can cycle. We are astonished how just a few people can stop a school being built which will benefit hundreds of young people in the local area, especially as there are not enough local school places. Please Richmond Council, support this proposal.

Kind regards, Kristin Ruud
