Comment: To build on this plot of land is another step towards the decimation of nature across the borough. I own two properties on Beaulieu Close and they were purchased due to the countryside feel of the area. There are regular sightings of badgers and hedgehogs from this plot and it feels wrong to have their habitat destroyed. What has been proposed does not fit aesthetically with the current standing properties. There are many other brown field sites across the area that could be developed. Families live in the Cambridge Park area due to the expanse of green space, and clean air. I would like this plan rejected.
