Comment: I have the following reasons for objections:

1. There have been four previous applications all refused.
2. any building will affect the openess and spacious of the estate and the character of the area. This was the main issue in the inspectors report in 2006.
3. The appeal decision in 1981 states "The appeal site comprises an open land area which was left unbuilt on when the area was developed and appears to have been laid out originally as a landscaped area for use by the residents of the estate."
