Type of comment: Object to the proposal

Comment: The Close has been my home since 1978 and I can recall spending time on the current 'fenced off plot' with my neighbours and enjoying the additional space it provided.

We live in a peaceful and protected part of Twickenham and I would like to see that this small corner of our borough remain a tranquil haven for wildlife and people.

The development bears no consideration to the size of plot, suggested style of development for these 3 additional properties and the community where it is located. With global warming upon us, to destroy wild areas and trees is the worst thing we could do!

The area is home to abundant wildlife (foxes, bees, butterflies, birds and bats) and there are also badgers in the area, so please leave it alone.

I wish to strongly object to this unwanted development.
