Comments

Type of comment: Object to the proposal

Comment: This monstrosity will forever change the character of Hampton Hill. The pressure on the local wildlife/Bushy park will be devastating. The increase in noise, the resulting traffic chaos and pollution will be incredibly harmful. Facilities such as schools / doctors will be over run. There aren't enough school places around this area already. Getting help from the council for education/health for children is already difficult enough - more people means less money for supporting the local community which is already here and established. The high street will be severely impacted by the noise, disruption, and traffic issues. The eventual outcome if this proposal is accepted don't gel with the councils plan to keep and enhance the character of Hampton Hill. Planning 5 story buildings doesnt fit with the area. Access via Windmill road for all these residents is completely unsuitable. Windmill road is narrow, and used by many residents/children accessing the family centre and Hampton Hill Junior School.
