Comment: It is appalling the "support entrance" under the name of "Various". It was gathered by the applicant on a door to door cold call to residents in August. Council shouldn't take it on as it was posted 2 days before the final decision and residents were advised to comment until mid September only.

This comments aren't official as they weren't made by the residents directly to the Council as advised but rather given to the applicant who didn't even show the full planning application to the residents as many commented.

I noticed one resident who signed the petition also sent an objection comment. Also many that commented do not even live in the area or say they have any connections.
