Type of comment: Make a general observation

Comment: I have just noticed the comments from the applicant in the Documents section.

Two observations: the applicant claims that residents who signed his form did not provide more details because they were "in fear of intimidation". What nonsense! My neighbours will be my neighbours regardless of the decision.

The second is that objectors are all following a "guidance letter". Utterly ridiculous! The numerous objectors are capable of thinking for themselves. On the other hand, the handful of supporters claim they cannot understand how the land has become such an eyesore. Well, perhaps they should check with the applicant, who has, deliberately, allowed that to happen.
