### Comments

**Type of comment:** Make a general observation

**Comment:** Just read on Report section few documents posted by the applicant on 20th October way over the date of the application was made and right up to the decision date.

Not sure this could have been done as residents didn't have time to review it and residents were advised by a letter from the Council that the deadline was by middle September and no more information would be posted until after decision only comments although even comments are still open today to be posted and the decision wasn't done yet(due date was 25/10).

Should the applicant have sent a "reply report" to the Council about Objections made or should the applicant make it after decision if it was the case?
