Address: 4 Sheendale Road Richmond TW9 2JJ

Comments

Type of comment: Object to the proposal

Comment: I live with my family on Sheendale Road and our garden is out to the back, with large windows and a direct view onto the proposed development.

I object the proposed development due to the invasion of our privacy, which I value very highly due to children involved. The balconies and windows would look directly into our garden and living room (and some of our neighbours too), which means we're restricted in our private life.

I furthermore object this development due to lack of parking proposed. With the number of proposed flats and shortage in proposed parking, our street is likely going to be impacted. We are already short of parking spaces and would be even more impacted if the development goes through as proposed.

Lastly, I object given the visual impact on the conservation area. As residents of Sheendale Road, we are very restricted in sizing up the houses in order to keep the historical character of the Street. The proposed development would have a severe visual impact on this!
