Comment: The overall height and density will unduly impact on Mortlake and LBRuT environment. An irreversible decision as with earlier losses of a bowls green and community centre from this site. The need for a secondary school is questionable given the spaces in Richmond despite the numbers arriving from outside the borough. The consequent loss of the community playing fields is inexcusable and not compensated by designer's 'open spaces' that are little more than walk through. A mistake for Mortlake and wider borough.
