Dear Sirs

Former Stag Brewery site, Mortlake London
SW14 7ET Application No 22/0900/OUT

I am writing to confirm my support for, and agreement with, the points set out in the M.E.S.S. Committee's representation to the council dated 13-12-23.

In particular I am very concerned that the effect on the traffic capacity of the area, already overloaded, are grossly minimized, both for during construction and for when the development has been completed.

Yours faithfully
