Type of comment: Object to the proposal

Comment: The plans do not include enough parking spaces with the assumption people will use public transport. The rail service to Hampton is infrequent so car use will be necessary for some of the workers. Belgrade Road is already experiencing a noticeable increase in parking from workers from the waterworks site putting a huge strain on residents of the road trying to park near their houses. With more people travelling to work at the site this can only increase the pressure on parking spaces, noise and air pollution and an increase in emissions. I strongly object to this proposal.
