Type of comment: Object to the proposal

Comment: Following the earlier presentation of the proposal, I objected on the basis that the proposal makes inadequate provision for parking at the new businesses which are to form part of the completed development. The parking survey of Belgrade Road, included in the application, is wholly misleading. In fact, during the working day, there is limited parking available, as the road is used by those working at estate agents and other shops in Station Road. It is frequently necessary for residents to park elsewhere, such as in Ormond Avenue.
