### Comments

**Type of comment:** Object to the proposal

**Comment:** I would like to object to this proposal on the basis that very little to zero consideration has been given to the impact on traffic and parking in the immediate area. The traffic around this area is already regularly highly congested and the current parking situation in Belgrade Road bears no resemblance to that described in the planning application. In addition, I'm not sure how consultation is conducted amongst the impacted communities but I have received zero comms on this from the council and have only heard of it through conversations with neighbours. I strongly object
