DETAILED CONDITIONS AND INFORMATIVES

DETAILED CONDITIONS

U0177737 Schedule 2, Part 2 Class MA

Development under Schedule 2, Part 2 Class MA is permitted subject to the condition that-

- a) The development shall be carried out in accordance with the information submitted to the local planning authority;
- b) The development under Class MA must be completed within a period of 3 years starting with the date the prior approval is granted;
- c) Any building permitted to be used as a dwellinghouse by virtue of Class MA is to remain in use as a dwellinghouse within the meaning of Class C3 of Schedule 1 to the Use Classes Order and for no other purpose, except to the extent that the other purpose is ancillary to the use as a dwellinghouse.

U0177738 Parking Permits Restriction - GRAMPIAN

Before the development hereby permitted begins a scheme shall be agreed in writing with the local planning authority and be put in place to ensure that, with the exception of disabled persons, no resident/commercial occupier of the development shall obtain a resident/commercial parking permit within any controlled parking zone which may be in force in the area at any time, nor a season ticket/enter into a contract to park in any car park controlled by the Council.

REASON: To ensure that the development does not generate an increased demand for on-street car parking to the detriment of the free flow of traffic, the conditions of general safety along the neighbouring highways, the amenity of the area and to accord with the Councils car parking policy and standards.

U0177742 Soundproofing within building

The development hereby approved shall not be occupied until the walls/floors, as applicable, have been insulated to provide sound attenuation against internally generated noise to the satisfaction of the Local Planning Authority.

REASON: To safeguard the amenities of the occupiers of the adjoining residential property/ies.

U0177740 Refuse storage

No refuse or waste material of any description shall be left or stored anywhere on the site other than within a building or refuse enclosure.

REASON: To safeguard the appearance of the property and the amenities of the area.

U0177741 Cycle parking

No building/dwelling/part of the development shall be occupied until cycle parking facilities have been provided in accordance with detailed drawings to be submitted to and approved in writing by the Local Planning Authority, such drawings to show the position, design, materials and finishes thereof.

REASON: To accord with this Council's policy to discourage the use of the car wherever possible.

U0177739 Refuse arrangements

None of the buildings hereby approved shall be occupied until arrangements for the storage and disposal of refuse/waste have been made in accordance with details to be submitted to and approved in writing by the Local Planning Authority.

REASON: To safeguard the appearance of the property and the amenities of the area.

U0090468 Composite Informative

Building Regulations:

The applicant is advised that the erection of new buildings or alterations to existing buildings should comply with the Building Regulations. This permission is NOT a consent under the Building Regulations for which a separate application should be made. For application forms and advice please contact the Building Control department, 2nd floor, Civic Centre, 44 York Street, Twickenham, TW1 3BZ. (Tel: 020 8891 1411). If you alter your proposals in any way, including to comply with the Building Regulations, a further planning application may be required. If you wish to deviate in any way from the proposals shown on the approved drawings you should contact the Development Management department, 2nd floor, Civic Centre, 44 York Street, Twickenham, TW1 3BZ. (Tel: 020 8891 1411).

Damage to the public highway:

Care should be taken to ensure that no damage is caused to the public highway adjacent to the site during demolition and (or) construction. The Council will seek to recover any expenses incurred in repairing or making good such damage from the owner of the land in question or the person causing or responsible for the damage.

BEFORE ANY WORK COMMENCES you MUST contact the London Borough of Richmond upon Thames, 44 York Street, Twickenham TW1 3BZ, Telephone 020 8891 1411 to arrange a pre-commencement photographic survey of the public highways adjacent to and within the vicinity of the site. The precondition survey will ensure you are not charged for any damage which existed prior to commencement of your works.

If you fail to contact us to arrange a pre commencement survey then it will be assumed that any damage to the highway was caused by your activities and you will be charged the full cost of repair.

Once the site works are completed you need to contact us again to arrange for a post construction inspection to be carried out. If there is no further damage then the case will be closed. If damage or further damage is found to have occurred then you will be asked to pay for repairs to be carried out.

Noise control - Building sites:

The attention of the applicant is drawn to the requirements of Section 60 of the Control of Pollution Act 1974 in respect of the minimisation of noise and vibration on construction and demolition sites. Application, under section 61 of the Act for prior consent to the works, can be made to the Environmental Health department.

Under the Act the Council has certain powers to control noise from construction sites. Typically the council will limit the times during which sites are permitted to make noise that their neighbours can hear.

For general construction works the Council usually imposes (when necessary) the following limits on noisy works:-

Monday to Friday 8am to 6pm
Saturdays 8am to 1pm
Sundays and Public Holidays - No noisy activities allowed

Applicants should also be aware of the guidance contained in British Standard BS 5228-1:2009+A1:2014 - Noise and vibration control on construction and open sites.

Any enquiries for further information should be made to the Noise & Nuisance Team, Regulatory Services Partnership NoiseandNuisance@merton.gov.uk.

U0090467 CIL Liable

The applicant is advised that this permission results in a chargeable scheme under the Borough's and the Mayor of London's Community Infrastructure Levy.

PLEASE NOTE

This notice applies only to the extent of the use/operations/matter described and to the land specified. Any use/operations/matter which is materially different from that described or which relates to other land may render the owner or occupier liable to enforcement action.

END OF SCHEDULE OF CONDITIONS AND INFORMATIVES FOR APPLICATION
