## Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Further to receipt of planning consent and in the process of the detail design it was found possible to improve the overall aesthetic and resolve some of the anomalies of the overall external envelope and awkwardness of the roofscape. See attached detail design drawing WD2 which shows the elevations as now proposed and drawing D6 which shows the design which received planning consent.

Please state why you wish to make this amendment

Aesthetically the original hip design introduces a shape that does not occur in the terrace where gables and ridges predominate. The amended design improves sustainability in terms of rationalising the build process and less use of materials as well as remedying the awkward facing (facing the main building rear wall) elevation where a steep half gable results with the original design.

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
