BEFORE ANY WORK COMMENCES you MUST contact the London Borough of Richmond upon Thames, 44 York Street, Twickenham TW1 3BZ, Telephone 020 8891 1411 to arrange a pre-commencement photographic survey of the public highways adjacent to and within the vicinity of the site. Once the site works are completed you need to contact us again to arrange for a post construction inspection to be carried out. If there is no further damage then the case will be closed. If damage or further damage is found to have occurred then you will be asked to pay for repairs to be carried out.

Noise control - Building sites:

Application, under section 61 of the Act for prior consent to the works, can be made to the Environmental Health department.

Under the Act the Council has certain powers to control noise from construction sites. Typically the council will limit the times during which sites are permitted to make noise that their neighbours can hear.

For general construction works the Council usually imposes (when necessary) the following limits on noisy works:-

Monday to Friday 8am to 6pm
Saturdays 8am to 1pm
Sundays and Public Holidays - No noisy activities allowed

Making an Appeal – Summary Guidance

Whether to appeal

If the Local Planning Authority (LPA) turn down your application, you should look carefully at the reasons why they turned it down before you make an appeal. You should speak to the LPA to see if you can sort out the problem - perhaps by changing your proposal. An appeal should only ever be a last resort.

Type of appeal:

Planning Application

Appeal time:

Within six months of the date of the council's decision letter.

Who can appeal?

The applicant or their agent may lodge an appeal.

The right of appeal:

You can appeal against the council's decision:

- If you applied to the Local Planning Authority and they:
 - Refused permission;
 - Gave permission but with conditions you think are inappropriate;
 - Haven't approved the details of a scheme which they or the Secretary of State have already given outline planning permission for or;
 - Have approved the details of a scheme but with conditions you think are inappropriate or unreasonable.

- If the LPA rejected a proposal arising from a condition or limitation on a planning permission.
- If the LPA don't decide your application within the time allowed. Normally the time allowed is eight weeks from when they accept your application.
- If the LPA told you they needed more information before they could decide your outline planning application, but you do not want to supply this.

You will make your appeal to the Department for Communities and Local Government of which the Planning Inspectorate is a part. Most are decided by specialist officers in the Planning Inspectorate. Only the person or business applying for consent to display an advertisement may appeal. If the council issues a discontinuance notice, only those on whom the notice is served may appeal.

The appeal process:

Appeals must be made

- Online at www.planninginspectorate.gov.uk, or
- Initial Appeals, The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN.

It will be expected that all appeal documentation will be submitted electronically.

The process is fully documented on the website of the Planning Inspectorate www.planninginspectorate.gov.uk, however in summary there are three main types of appeal:

Written procedure:

Written evidence is considered from the applicant/agent/business and the council. The council will send copies of any letters of objection or support they received when considering your application. Within six weeks of the Inspectorate receiving your appeal forms the council will send a copy of their statement to the Inspectorate. You must make any comment on these within three weeks.

Hearing procedure:

Hearings allow you and the council to exchange views and discuss your appeal. Before the hearing the council will send a copy of their statement to you and the Inspectorate. You can comment on their statement in writing otherwise the Inspectorate will treat the reasons given in your appeal form as the basis of your case for discussion.

Hearings are usually held in council offices. The Inspector leads the discussion and invites the people involved to put their points across. The Inspector will visit the site unaccompanied before the hearing and will make a further accompanied visit as part of the hearing.

Inquiry procedure:

Inquiries are normally for large-scale applications. A public inquiry is a formal procedure in which both parties have legal representation.

Making your views known on someone else's appeal:

The LPA will notify anyone who took part in the consultations when you first applied for permission that you are appealing. For appeals decided by hearing or inquiry the LPA will tell interested people when and where this will be and let them know that they can attend. The Inspectorate will also take account of the views of certain groups who have a right to comment, for example, owners of a site, local amenity groups and so on.

Costs:

Normally you and the council will pay for your own expenses in an appeal. You can only claim costs when you can show that the council have behaved in an unreasonable way causing unnecessary expense.
