Type of comment: Object to the proposal

Comment: We have already objected to this application on the grounds of overdevelopment, overlooking all neighbouring gardens. The plans show a property being built well beyond the back of any other house in the road. This would affect our privacy as well as both neighbouring properties. Blocking sunlight (ancient light) , and digging down into a large basement. Not to mention the lack of parking in vicarage Road as it is.

We have also noted that the applicant builds properties and then dissolves his company on completion meaning it will be very difficult to contact in the event of possible future problems. Both house owners either side are worried about subsidence and as we are attached to one side that is also a concern to us.
