YOUR COMMENTS ON THE CASE

I just wish to have the submissions I made on at least one previous occasion treated as repeated here. In particular I feel the limited transport facilities (single lane road etc) cannot justify such a huge infrastructure as is applied for, and in particular for a new secondary school. Buses can hardly make progress coming and going as it is, and schools notoriously attract car drivers. I am all for cycle lanes, and open play and community spaces, but we need fewer cars in the area, not more. I also have doubts that anything residential would involve any affordable housing.
