Comment: This is a residential area with two primary schools and a nursery. There is also a level crossing nearby. There is also a very busy junction and when the crossing is down all the traffic comes to a grid lock . The level crossing barrier comes down ten to and twenty past every hour. The road cannot take the extra traffic this building will bring to the area. Most important of all-all the children and their families will be in danger because of all the new traffic I vehemently disagree with this proposal-it will endanger lives.
