**Type of comment:** Object to the proposal

**Comment:** This proposal looks like it doesn't provide enough parking facilities in an area which already struggles. It was also by a junction which is already dangerous to cross and i don't think this has been considered. In a residential area this looks like an over development of the site and likely to cause even more grid lock. (The railway crossing blocks this junction already every 30 mins for 10 mins causing the traffic to back up along station road and Percy Road).
