### Comments

**Type of comment:** Object to the proposal

**Comment:** Traffic levels are currently very high at the cross-roads between Percy Road and Oldfield Road and Station Road and Percy Road along with the railway crossing. This type of development will add more traffic to this area making it extremely difficult to safely cross Percy Road - particularly for those trying to cross to access/return from St Marys Primary School and Greenacres Nursery and the village green and playground and significantly impacting on road safety in an area with no safe place to cross. If the development goes ahead a zebra or similar crossing will be required on Percy Road and additional safety measures to the entrance of the development to protect those walking on the pavement.
