

Arboricultural Consultant Site Note

STOKES HOUSE

Company: SJ Stephens Associates Ltd	Site: Stokes House Extension
Consultant: Simon Stephens	Date: 19 th April 2024
Address: Savernake Barn Stokke Common Great Bedwyn Marlborough Wilts SN8 3LL	Site Address: Stokes House Ham Street Richmond TW10 7HR
Representative: Simon Stephens	Contractor: Glandore Site representative: Sean McNicholas
Phone: 01672 871 862 07831 341 887	07817 629 002

Purpose:
Confirmation of tree protection measures

Background:

- 1) An Arboricultural Method Statement, dated 21-12-2023 was prepared by SJ Stephens Associates Ltd and accepted by the Local Planning Authority in release of the relevant planning condition.
- 2) The Local Planning Authority were invited to attend a pre-start meeting on site. As they did not attend, the arboricultural consultant has been liaising with the architects and the contractor, Glandore, to ensure tree protection measures are in place prior to construction work starting on site.

3) Tree Protection Fencing has been erected ahead of the start of construction. As seen from the photos attached, this comprises Heras panels attached to a driven timber post and wire fence. This is considered fit for purpose.
