Comments

Type of comment: Object to the proposal

Comment: I object to this development for a few reasons. The first being the removal of the trees and shrubs at the side and back of the existing building which is close to the railway line there are bats in the trees at night and many foxes who should not be disturbed.

Secondly the traffic generated will cause even more problems in a very congested corner of Hampton. When the railway crossing is down the traffic can build up all down Oldfield and Percy Road and it becomes dangerous for pedestrians crossing. Particularly with more vans and lorries accessing the site The disturbance from more traffic and people will be unreasonably for the flats near by especially over the weekends.

This is NOT the right location for a storage unit at all
