**Comment:** Dear Sir

I would like to object to the above application at 97 High St Teddington

We have a lovely High Street in Teddington, the alterations to what has already been built without planning will not change the appearance of a shop front that is totally different to the rest of the High Street

The builders are still working on the original shop front, they have been cementing around the original front and left a terrible mess on the pavement

When the shops next door were knocked down for the Marks and Spencer's building they were made to keep the outline of the original shops and so keep the character of our High Street. This planning application is totally out of keeping with our High Street
