

FIT NEW ACCOYA DOUBLE GLAZED SASHES AND FULLY RESTORE EXISTING SASH BOXES

1. New made to measure Accoya Timber double glazed sliding sashes fitted into the existing sash boxes.
2. New sashes will be made as bespoke replicas, copying the existing window, style, dimensions, moulding and horn detail. Fully spray painted inside and out.
3. Existing sash boxes, timber sills and internal surrounds will be fully renovated. Finished with a micro-porous weathershield gloss on the exterior and an Eggshell finish on the interior.
4. Sash boxes and sashes will be fitted with draught-proof brushes.
5. New ball bearing sash pulleys and lead sash weights will be fitted, along with high quality sash furniture and security locks, available in a range of styles and finishes
