## **Description of Proposed Works**

Please describe the proposed works

GF front facade: Roller shutter Garage door to be removed as has been done by many surrounding properties on this street, facade wall to be finished in brick to match existing house (London brick), install one central side entrance door. Skylight above front area (see enclosed plans) to create daylight in boot room

GF rear: Rear glazing change from wooden folding and hinged doors to graphite grey sliding aluminium triple glazed skyframe solution such as Cortizo or Panoramah!

Square off and lift the side retun supporting the sloping roof with 5 velux inserts to become a flat roof with height infilled to match ceiling height in GF (extremity by boundary wall to be lifted from ca 2100mm to 2900mm. NB: The same intervention can be seen to having been done on many other properties in this street and will improve privacy and appearance of rear facade. Any infills always to be carried out with London brick to match existing house (London brick)

GF rear: change side entrance wooden glass door to become fixed glass insert (see drawings)

GF south facing side elevation and rear: existing side return replace velux style windows with 3 skylights as shown in drawings in new flat roof GF rear: change terrace surface covering material from wooden decking to stone (London stone to be installed)

FF front facade: partial side infill over the garage with flat roof, no windows to be added in this infill, in brick to match existing house (London brick), set back by ca 1m from frontline of garage (as many of the neighboring properties have done in various forms and shapes)

FF rear: First floor rear (garden facing) glazing replace the existing 2x triple panel wooden bi fold doors with currently unsafe/non compliant/too low glass balustrade mounted inside (currently at knee height of ca 550mm) to Juliette balcony style wooden french doors with 1100mm glass balustrade mounted outside to comply with regulations. Reduce the structural openings by 360mm in width each

FF south facing side elevation: create window opening to office in frosted glass in size 600x1100mm in white wooden casement window style to match style of the house.

SF rear: Second floor rear (garden facing) change small sash type window of bedroom into Juliette balcony style french door (1400x1980mm) to improve appearance and light for the room, insert between and reinforce roof rafters as necessary to create structural opening. Apply safety glass balustrade 1100mm height to outside of opening.
