## Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

We require permission to replace the existing front windows at 6 Waterloo Place. The existing windows are beyond repair, rotten, inefficient and unusable. The windows need to be replaced urgently as the windows cannot be used without further damage occurring to the framework. We have been informed by professionals that the windows are not the originals and therefore it is necessary to replace them. We would like to improve the energy efficiency of this property, if possible before the winter months. This will be achievable with new timber sash windows, double glazed (heritage double glazing). Our intentions would be to replace with a timber sash window in a like for like style in keeping with the aesthetics of the road. The windows would be installed by local professionals.
