Comment: We wrote in support of the previous application, saying that the proposed Mansard roof extension for No. 1 and No. 2 would complement the existing roof extensions for the next eight semi-detached houses (the next four buildings) in the road. We feel that this addresses the clear housing need in central Richmond given the lack of bedroom space in the original design.

We therefore continue to support this new application and think this should be granted for No. 1 and No. 2 The Hermitage. Having read the submission, we would note that the Planning Officer is incorrect in saying that the other Mansard roofs were built in the late 20th century under previous policies; we have lived in the Hermitage since 1996 and can confirm that the extension on No. 3 and No. 4 was built in the early years of the 21st century (again with our support).
