Type of comment: Make a general observation

Comment: Firstly I totally support the removal of the unsightly and inefficient current building. We desperately need homes. However there are no details as to the finishes involved and whilst it is great to see bicycle parking the council needs to consider very carefully how the absence of any car parking will impact the area. Certainly the owners should not receive parking permits and will rely on a great bus service and a very mediocre SWR service. But how will their visitors park? Please think about this. For me the notion of 8 dwellings on a dysfunctional site is a very good thing. More detail is needed on finishes and maybe the massing on Cedars road is a bit too much.
