### Comments

**Type of comment:** Support the proposal

**Comment:** We live at number 14 The Hermitage which is exactly opposite numbers 1-2. The planning application for the roof extensions will be a very positive addition to the roof scape of the road. All the houses on the same side of the road as nos1 and 2 (save for the two houses at the other end of the road) already have these extensions. These extensions will improve the appearance of the road by providing uniformity of design.

There is no loss of light or overshadowing and as the house with the clearest view of nos 1-2 we will not, in any, be adversely affected.

We consider this to be a well thought out and considered application which we wholeheartedly support.
