

Comment on a planning application

Application Details

Application: 24/1639/HOT

Address: 8 Montpelier Row Twickenham TW1 2NQ

Proposal: Proposed replacement of existing roof, repairs to the existing roof structure, repointing and repairs to the existing roof parapet, roof dormer and chimney.

Comments Made By

Name: Mr. Maurice Parry-Wingfield

Address: 11 Montpelier Row Twickenham TW1 2NQ

Comments

Type of comment: Support the proposal

Comment: I whole-heartily support the application for repairs to the roof to this Grade 2* terraced building. The property has been unoccupied for a large number of years, and little or no attempt has been made to prevent the deterioration of the roof and to secure it from the elements. Not only has this harmed the property itself but it has caused a serious penetration of damp in numbers 7 and 9 causing the owners considerable expenditure on remediation work and making it impossible for them to sell their property at an appropriate price should they wish to move. It is also important that the work should be done by builders with experience of renovation to listed properties and supervised by someone with like experience, so that appropriate methods and materials are used.
