Comment: I think the design of this building is lovely and I would love to live in one of the apartments. The existing building was always outside of keeping character with the rest of the high street and in fact quite unattractive. It is even more of a mess now and something needs to be approved ASAP now. It seems to have a very reasonable balance of flat sizes and the all-important commercial space to keep our high street a vibrant place to trade. I am in full support of the proposal and think those objecting need to be more reasonable about what seems to be a very sensible proposal.
