Type of comment: Support the proposal

Comment: I write to give full support to the above planning application. The proposal would bring a derelict site back into positive use which would benefit the area.

The removal of the existing buildings would improve the visual appearance of the area as well.

The application will also create more housing for the community which the government is failing to offer.

The residential flats will offer more modern, clean and safer living for people. The mansion flats location on Teddington High Street are becoming run down and not much can be done about this due to the style of property.
