Comments

Type of comment: Object to the proposal

Comment: Further to your letter outlining the principal changes to the original planning application of reduction in height our objection still stands

This is a residential road with schools nearby with children passing up and down during the day so safety is of an issue

There is a Business park at the end of Oldfield Road which is where this sort of development should be

Traffic becomes gridlocked during the day now with the level crossing, school traffic and shoppers to Waitrose. We do not need any further traffic and certainly not for the hours in your application

Noise is also an issue which would be further increased and until late at night

Please re consider this application and put this development in a more suitable location . This is our Village please consider the residents and listen to our objections before going ahead with this intrusive building application
