Comment: I object to the latest planning application on the following grounds.

1. The parking demands on the surrounding roads are already excessive, particularly in my road, Lebanon Park. Often I cannot park with 50 metres of my own house.
The 20 derelict garages were originally built to provide valuable parking for Sion Court residents. Because they are not currently in use Sion Court residents use 20 parking spaces on nearby streets, mainly Lebanon Park. The garages should be rebuilt or refurbished to relieve parking demand on Lebanon Park.
2. The proposed units will add accommodation for upto an additional 14 adults of driving age, without any provision for additional parking. This will ADD to demand for parking in surrounding roads.
3. Please also take into account that Richmond Council has already proposed to add parking spaces in Lebanon Park for Eel Pie Island residents as part of the Twickenham Riverside scheme. If this is to go ahead we surely cannot accommodate even more parking demands on Lebanon Park.
