Comments

Type of comment: Object to the proposal

Comment: The proposed new building at 74 Oldfield Road would cause a lot of extra traffic in what is already a highly congested area. As there seems to be very limited parking on the site, this will inevitably affect parking on local roads, which is already difficult.

For pedestrians, crossing Percy Road near the level crossing at Hampton Station, is like taking your life in your hands. It is already extremely dangerous, and the very last thing we need is something which will increase the traffic even more, especially as this affects children at the primary school in Oldfield Road.

This is predominantly a residential area and the proposed building is not in keeping with that.
