Type of comment: Make a general observation

Comment: While the development of this site is to be welcomed and care has been taken to consider the effect that the building will have on the street scape, the windows illustrated are very stark in contrast with neighbouring buildings. Sash windows predominate in this Edwardian terrace and this new building which is very dominant and on a key corner site could be more in sympathy with others in this conservation area if, for example, the windows had a horizontal bar.
