A comprehensive list of planning history can be found above however the most relevant planning history is as follows:

22/2556/FUL - Demolition of existing buildings (with retention of a single dwelling) and redevelopment of the site to provide up to 116 residential units and 175 sqm commercial floorspace (Use Class E(g)) with associated hard and soft landscaping, car parking and highways works and other associated works.

### 2. EXPLANATION OF OFFICER RECOMMENDATION

The relevant conditions state:

### U0179005 - Rodent infestation

Prior to the commencement of site clearance and any demolition works at the application site, a baiting program for rodents shall be undertaken by suitably qualified personnel. The intention shall be to determine what, if any, infestation exists on site and in the event of evidence of infestation being found, steps shall be taken to eradicate it prior to the commencement of any site clearance. Any poison to be laid shall be in positions and in containers which comply with the relevant Health and Safety requirements and which eliminate any danger to children, household pets and wildlife.

REASON: In order to safeguard the amenities of neighbouring residents.

The applicant has submitted a Rodent Infestation Report as part of this application. The Council's Environmental Health Officer reviewed the report and confirmed no objections.

This condition can therefore be discharged.
