Type of comment: Object to the proposal

Comment: I understand from my neighbours that the Nelson school gate at the bottom of the road is to be opened. I did not get any notification from the school or the council

I strongly object to this proposal. Our narrow street is already packed during school pick up and drop off times and it will be very inconvenient for us residents to bear with additional noise at any time.

My husband is in the advanced stage of Parkinsons and suffers from anxiety too. He will get very distressed and then I will too.

Our privacy will be invaded and our quality of life will suffer at a time when we need peace and quiet. There are a lot of elderly residents on our street who need peace and quiet. The number of children and parents on our street is more than enough for these pavements which are very narrow.

Please stop the above proposal to open the gates of Nelson school opening on to St Vincent Road because it will not be safe for children either on dark cold winter days.

There are people coming from outside our road loitering around, picking up other peoples parcels and opening cars at night.
