Comments

Type of comment: Make a general observation

Comment: Having lived in Hampton all my life, I find some of the comments objecting to the development interesting, when it was the main area police station for police cars there was always a constant arrival and departure of cars day and night along with the necessary maintenance associated with the vehicles. How can objections be made based on noise? and additional traffic in Station Road?? This site has been undeveloped for too long, I would be glad to see it put to good use, the proposal should be carefully considered I agree, but the objections in my opinion do not warrant it being refused.
