Comment: I am writing to express my concern about the recent increase in traffic and the inconsistent driving behavior observed in our neighborhood.

There has been a noticeable rise in the number of vehicles, leading to significant congestion, especially during term time. This has not only caused delays but also increased the risk of accidents. Moreover, there have been numerous cases of bad parking, drivers performing three-point turns in the middle of the road, and vehicles idling with engines running for extended periods. These actions contribute to traffic disruptions and environmental pollution. Furthermore, some drivers have exhibited rude behavior, which creates a hostile and unsafe environment for everyone.
