Type of comment: Object to the proposal

Comment: The original planning decision was made on the basis of 144 pupils so as to limit the impact on traffic congestion and local amenity. The amount of congestion, parking difficulties for local residents etc has not noticeably decreased since this decision and therefore there is no logic to increasing to 176 as it is highly likely that most of these additional pupils will travel by car (most pupils will be travelling out of borough to the school). Therefore congestion will increase. Having accepted the original planning decision I think it is invidious to try and revisit.
