Subject: Planning Application our ref DC/Alice Murphy

Application 24/1492/FUL

42 High Street
Teddington TW11 8ES

I am writing to object to some of the proposals in the latest plans

1. Over density of the development: the 8 flats could hold up to 20 people.
2. There is no provision for car parking spaces and it is inevitable that a proportion of the residents will own cars, adding to the already difficult parking problems for residents of Cedar and Bridgeman Roads.
3. The frontage on Cedar Road extends beyond the building line of the road's houses.
4. The disruption caused by the construction, with lorries unable to park on the High Street will inevitably do so in Cedar Road opposite the only public car park in Teddington causing real problems, and will also try to navigate the narrow Cedar, Bridgeman, Station Road block which is totally unsuitable for such traffic.
