Dear Sir/Madam,

Subject: Planning Condition No 8 - Submission of Biodiverse Green Roof Details for 32 Haverfield Gardens, Richmond, TW9 3DD

I am writing on behalf of Kisiel Ltd to submit the details of the Biodiverse Green Roof for the new development project at 32 Haverfield Gardens, TW9 3DD, associated with planning condition U0150125 NS05.

As required, we are submitting the design and maintenance plan for the biodiversity roof, which includes an extensive substrate base with a minimum depth of 80mm. The roof will be seeded with a mix of species aimed at enhancing the site's ecological value.

Additionally, the proposed green roof design aims to contribute to the overall sustainability of the development, enhancing energy efficiency and supporting local biodiversity.

Thank you for your prompt attention to this matter, and we look forward to your favourable response.

Yours sincerely,

Mujtaba Mohammad
Project Quantity Surveyor
