

## Comment on a planning application

### Application Details

**Application:** 24/2048/HOT

**Address:** The Annexe Wellington Lodge 42A Wellington Road Hampton TW12 1JT

**Proposal:** Rear extension to form additional en suite bedroom.

### Comments Made By

**Name:** Aztec Modelmakers Ltd Mr. Robert Smith

**Address:** 129 - 135 Fulwell Road Teddington TW11 0RJ

### Comments

**Type of comment:** Object to the proposal

**Comment:** We currently object to the extension to the property, as has been recently built.

We have the following comments and objections to the retrospective application, as has been submitted.

The application documents make three omissions/errors.

1. The stated finish is described as painted render. Neither the existing elevation nor the extension are rendered.
2. The recently pollarded tree is almost certainly within falling distance of the extension.
3. None of the plans or elevations depict the window that has been placed in the north wall of the extension.

Our objections to the current extension are as follows:

1. The brick stock that has been used for the extension does not match the existing stock.
2. The window in the north face immediately looks out onto our fence, and above that, directly into our property.

Should these points be addressed, we would be happy to change our response to "no objection".
