Comments

Type of comment: Object to the proposal

Comment: There is already inadequate provision for the drop off and collection of children which causes traffic disruption on Gloucester Road at the start and end of the day. As a result I have concerns about highway safety for the children when crossing the road outside the school. This would be exacerbated. Noise from the school would also increase, particularly when using Carlisle Park for sports which already monopolises the grass areas and would result in increased foot traffic and associated wear and maintenance.
